

Update #2 from CAPT David Lee:

To NC Council Officers and Chapter Presidents

The purpose of this email is to highlight meeting PREPARATION.

This is the second email in a series of three; meeting logistics, preparation and report status.

We are getting close to our Council Meeting in Charlotte on 15 and 16 June.

The purpose of this meeting is to

1. Focus on activities that can support the chapters; to help them grow their membership
2. Share Chapter successes and look for solutions to issues and concerns
3. Update the group on state and national legislative issues and support for active duty and veterans

PLEASE COME PREPARED WITH THE NAMES (if possible) OF THOSE FROM YOUR CHAPTER THAT WILL BE ATTENDING THE LEADERSHIP WORKSHOP IN SOUTH CAROLINA 7 AND 8 SEPTEMBER.

For more information see:

<http://www.moaa.org/Content/Chapters-and-Councils/Signature-Events/Council-and-Chapter-Leadership-Workshop.aspx>

The format of our Council meeting in Charlotte will be the same as it was in Salisbury. Council Presidents will sit in their regional groups.

The agenda will begin with reviewing the action items from previous meetings, next the Chapter Presidents will be asked to share the discussion points below in small groups.

You will be asked to discuss;

- > What makes your chapter successful? What brings your members to meetings, what generates enthusiasm, what engages your members?
 - > What are the issues that your chapter struggles with? What are barriers to members enthusiasm and commitment?
 - > What are you doing to mitigate/solve these issues? What is your strategy, tactics for improvement?
- Groups will record the highlights of the discussion and share with the big group. We will keep this process going through following meetings.

NOTE: There will be a short training session discussing the key elements of the Chapters President's role in building a viable and productive chapter.

The next email will focus on Reports and will include the agenda items for the meeting. If you have input, please let me know.

Thanks,
David Lee
